**For the benefit of ELTC players competing in Saturday teams, the BDTA has the following heat rule...**

"When the temperature has been forecast to reach 37 degrees all sets will be reduced to 6 games. When the temperature has been forecast to reach 39 play will be called off. If play begins and the temperature on the day goes over the forecast temperature and reaches or exceeds 39, it is at the discretion of the captains to cease play. The BOM site is the site to be used."
